

Essentials & Beyond

About the Course

Our popular fast track one day course has been designed for newbies or those with little Xero experience. Or perhaps you just need a refresher.

By day's end you'll be confidently and independently using Xero.

Course Prerequisites

Basic Windows PC or Mac experience.

Course Objectives

By the end of this course, participants will be comfortable in navigating Xero's feature set, efficiently processing transactions, maintaining the system and producing key financial reports.

Course Content Overview

Using hands-on practical examples, students will create their own Xero file and be guided through the day to day Xero applications.

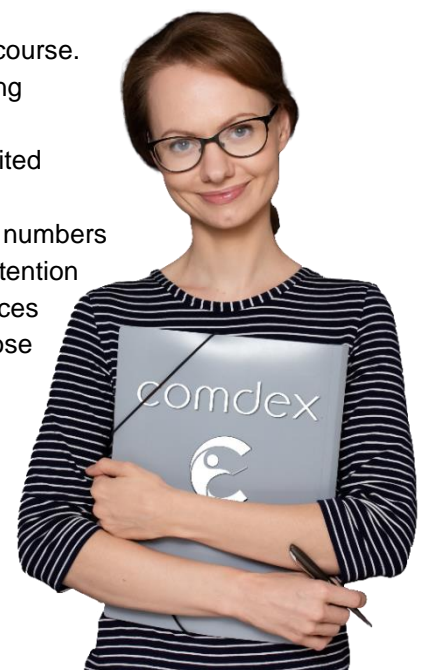

- learn the skills to navigate throughout Xero
- utilise how to effectively use Xero's key features
- focus on practical real world applications
- comfortably run typical day to day processes
- customise the system for specific businesses
- ensure simple but accurate tax record keeping and reporting
- use Xero to automatically handle tedious and inefficient manual tasks
